Protyre Autocare BTRDA Rally Series

CHAMPIONSHIP BULLETIN No. 2 – 2026

Clarification of Article 5 & 7 of the Championship Regulations following the publication of the Get Jerky Rally North Wales Supplementary Regulations

The Protyre Autocare BTRDA Rally Series Championship Regulations were published online and on the Championship Sportity Channel, dated 17/01/2026.

The Get Jerky Rally North Wales published their Supplementary Regulations on 2 February 2026, dated 02/02/2026

Article 5 of the Championship Regulations refers to *the best selection of 'Interclub' forest rallies in the UK*, its purpose is to differentiate those events that run additional mileages or offer a recce to competitors, ensuring fair competition across the championship.

Article 7 of the Championship Regulations identifies 2 events that offer additional mileage or a recce, allowing our championship contenders to enter these different events but with specific stipulations to maintain parity.

When the Championship Regulations were published the championship was not aware that the Get Jerky Rally North Wales would include 3 different permitted events, an Interclub Rally that covers half the planned route and an Interclub and National Rally covering the same stage and road route.

As there will be no variation in mileage between the Interclub and National events, no recce will be offered and there is no material difference between the Interclub and National permitted events on the Get Jerky Rally North Wales, the Championship confirms that registered contenders may enter the National Permit section of the Get Jerky Rally North Wales and still score championship points subject to complying with all other elements of the Championship Regulations. This ensures a consistent approach is applied to events that offer a National Permit Event but form a round of the 2026 Protyre Autocare BTRDA Rally Series
